COOKIES POLICY

Cookies are strings of text, small in size, which sites visited by users send to their terminals (usually a browser), where they are stored and then sent back to the same sites the next time they are visited by those users. Cookies are usually present on users' browsers in large numbers and may sometimes remain there for long periods of times. They are used for different purposes: for IT authentication, monitoring sessions, storing information on specific configurations concerning users who access services, etc.

The www.ubifactor.it website exclusively uses cookies for the sole purpose of "carrying out the transmission of a communication over an electronic communications network, or as strictly necessary for the provider of an information society service explicitly requested by or user to provide the service". It is therefore not use cookies to transmit personal information, nor are so-called persistent cookies of any kind or systems for tracing users.

In particular, the site is limited to the use of "navigation or technical session cookies" which are not stored permanently on the user's computer and disappear when the browser is closed. Their use, which does not require the user's consent, is strictly limited to transmitting session identifiers, consisting of random numbers generated by the server, necessary to enable a safe and efficient site. The navigation session cookie or used within the website www.ubifactor.it avoid resorting to other computer techniques potentially prejudicial to the privacy of the users and not allow the acquisition of personal identification data.

You can always request the deactivation of cookies by adjusting your browser settings; loss of use of the technical cookies, however, could lead to difficulties in interacting with the site itself.
